MESSAGE FROM THE CHAIR: DPS 49 BANQUET

I just signed up for the DPS 49 Banquet (<https://tinyurl.com/y7q7n6rf> [1]) and an art class before the banquet that Sundance has made available to DPS members (<https://aas.org/meetings/dps49/events#banquet> [2]). Note that the banquet cost includes transportation to and from Sundance Mountain Resort, a beautiful property at the base of Mount Timpanogos, ~15 miles from downtown Provo. It is a special place and I know it will facilitate collegial interactions and discussions about our scientific work.

The activities prior to the meeting include pottery, jewelry making, painting and journal making. I finally decided on painting to exercise a different part of my brain. These classes are offered for a fee and I hope you'll take the time to sign up for this different experience for two hours before the banquet if

you're so inclined. No experience is necessary. I'm looking forward to @DPSMeeting #DPS17 (or [DPS49](#) [3]) in Provo, UT next month and hope you are too.

Lucy McFadden
DPS Chair

WOMEN IN PLANETARY SCIENCE DISCUSSION HOUR AT DPS 49 PROVO

Announcing the 2017 DPS Women in Planetary Science Lunch, Tuesday, Oct. 17th from 12:00-1:30 pm! Join us for an informal meeting and discussion hour at the Division for Planetary Sciences Meeting in Provo, UT. There will be a short presentation and plenty of time for discussion. A BIG Thanks!! to both AURA and the DPS committee for sponsoring this event again this year!

****Registration Deadline is Sept. 29th**** All are welcome but pre-registration is requested so we can place lunch orders and balance the attendance size vs room size. Registration page: http://bit.ly/DPS_WIPS_2017 [4]

Please share widely! We look forward to seeing you there!

~Kelsi Singer, Jennifer Hanley, Karly Pitman and The Professional Development Committee of the DPS

REMINDER: ACCEPTING APPLICATIONS FOR ICARUS EDITOR-IN-CHIEF POSITION

The DPS Committee, its publications subcommittee and representatives of Elsevier, publisher of Icarus, are [accepting applications](#) [5] for the position of [Icarus](#) [6] Editor-in-Chief. The application, consisting of a cover letter with a 5-year vision statement and skills and experience brought to the position, Curriculum Vita and publications list, should be submitted [here](#) [5].

Application deadline is October 8, 2017.

Questions, contact [Lucy McFadden](#) [7] or [Kate Hibbert](#) [8].

Please distribute this announcement widely among our colleagues.

THE ORIGIN OF GALAXIES, STARS, AND PLANETS IN THE ERA OF ALMA:
A SYMPOSIUM TO HONOR ANNEILA SARGENT

California Institute of Technology, Pasadena, CA, USA

November 29 - December 2, 2017

Deadline for registration/abstract submission: October 1, 2017

Deadline for late registration and payment due: November 1, 2017
<http://www.astro.caltech.edu/alma2017/> [9]

5-----5-----5-----5-----5-----5-----5-----5-----5-----5-----5

JWST PROPOSAL WORKSHOPS

Two 2.5 day workshops will be held this Fall for those interested in proposing solar system observations with the James Webb Space Telescope (JWST). The first (Nov. 13-15, 2017) will be at the Space Telescope Science Institute (STScI), in Baltimore Maryland. The second (Dec.

13-15, 2017) will be held at the European Space Research Technology Center (ESTEC), in Noordwijk, the Netherlands.

Each workshop will include a mixture of presentations about the promise of JWST for solar system science, specifics on observer planning tools and observatory capabilities, and hands-on training and Q&A with the planning tools. Observations of solar system targets approved for guaranteed-time observers (GTOs) and through the Early Release Science (ERS) program will be summarized. The workshop is timed to support JWST cycle-1 open time proposals, which will be due early March 2018.

Registration and (optional) abstract submission is now open for both events.

STScI workshop:

Registration: <https://tinyurl.com/y94onvh3> [10] (closes Sept. 30)
See "Registration Fee" in the left navigation panel.

ESTEC Workshop:

Registration: <https://www.cosmos.esa.int/web/jwst-ssws-2017/home> [11] (closes Nov. 1)

JOBS, POSITIONS, OPPORTUNITIES

A) CELESTIAL DYNAMICIST

Meteoroid Environment Office (MEO) within the Natural Environments

Branch at NASA Marshall Space Flight Center (MSFC)

Huntsville, Alabama

<https://dps.aas.org/content/celestial-dynamicist-0> [12]

<https://jacobs.taleo.net/careersection/ex/jobdetail.ftl?job=AS0001NF&tz=GMT-05%3..> [13].

The Engineering & Science Services and Skills Augmentation (ESSSA)

contract provides engineering, scientific and engineering technician support

to NASA Marshall Space Flight Center (MSFC) in Huntsville, AL. Come

join the team whose work is destined to have a long-range effect on future

generations!

To learn more about:

The DPS is a Division of the

The ESSSA Group, visit <http://YesWeAreRocketScientists.com> [14]

The Huntsville area, visit <http://www.huntsville.org/> [15]

As a CELESTIAL DYNAMICIST the selected candidate will support the Meteoroid Environment Office (MEO) within the Natural Environments Branch at NASA Marshall Space Flight Center (MSFC). The selected candidate will work to improve NASA's knowledge of the meteoroid environment, particularly with regard to those particles posing a hazard to spacecraft.
