MESSAGE FROM THE CHAIR: EPSC-DPS JOINT MEETING DEADLINES AND KEY INFORMATION

The EPSC-DPS Joint Meeting, Sept. 15th - 20th, is rapidly approaching. It will take place at the Centre International de Conférences de Genève (CICG), Geneva, Switzerland. Please see the information below for upcoming deadlines and additional information. I look forward to seeing you at the meeting.

Upcoming Deadlines:

1. Social Event Registration deadline: Sept. 4th

The social event is taking place at [La Brasserie des Halles de l'île](#) [1] on Geneva Island (on the Rhône) on Wednesday, 18 September 2019, 19:00. If you have not already registered for the social event, you can do so here:

https://www.epsc-dps2019.eu/register_and_venue/social_event.html [2]

The dinner will be immediately followed by Open Mic Night.

You can sign up to perform at Open Mic here:

<https://meetingorganizer.copernicus.org/EPSC-DPS2019/session/34649> [3]

Note that Open Mic night is free and social event attendance is not required.

2. Poster printing service in Geneva: Sept. 5th

The University of Geneva is offering a poster printing service. Please access their [online order form](#) [4] for placing your poster print order. Deadline for your order including payment and providing your pdf file is 5 September 2019.

Your ordered poster can be picked up by you at the conference center.

Reversing Abstract Withdrawals:

Please email epsc-dps2019@copernicus.org [5] if you would like to undo your abstract withdrawal because you now plan to attend the meeting.

Free Public Transportation from Airport:

The hotels in Geneva usually provide a free public transportation ticket to their guests. The airport offers passengers a free 80-minute travel pass for public transportation in Geneva, including the journey by train. It can be picked up from a ticket machine as you exit the baggage area.

https://www.epsc-dps2019.eu/register_and_venue/location_and_travel.html [6]

Linda Spilker

DPS Chair

2-----2-----2-----2-----2-----2-----2-----2-----2-----2

LAST CALL: EPSC-DPS 2019 JOINT MEETING MENTOR-MENTEE PROGRAM

Sign Up Deadline: 31 August 2019

The EuroPlanet Early Career (EPEC) network is introducing a mentor-mentee program for this EPSC-DPS 2019 meeting in Geneva. The program is designed to support the novice conference attendees, students, and early career scientists by enabling one-to-one meetings with an experienced researcher to help them navigate the conference. The registered mentees will be able to meet their respective mentors during the ice breaker event on Sept 15, 2019.

Details to sign-up to the program: Mentees, if this is your first international conference, your first oral presentation, first EPSC, or you are looking for guidance during the EPSC-DPS 2019, sign up here: <http://eepurl.com/gxD-wf> [7] . We will put you in contact with a suitable mentor, who would be beneficiary to your experience during the conference.

Mentors, if you are a postdoc, researcher, or a senior scientist who has been in numerous international conferences and are willing to show early careers how to navigate through various sessions and network within an international community, please sign up here: <http://eepurl.com/gxD-wf> [7] .

You will be requested to set up at least one meeting with your mentee during the conference week.

The deadline to sign-up to the mentor-mentee program is 31st August, 2019.

If you have any queries, please contact us at EPEC.EPSC@gmail.com [8]

Looking forward to meeting you in Geneva, EPEC-EPSC working group

3-----3-----3-----3-----3-----3-----3-----3-----3-----3

DPS NOMINATING SUBCOMMITTEE MEMBER ELECTION AT THE DPS 2019 MEMBERS MEETING IN GENEVA

The DPS membership will elect a new member of the Nominating Subcommittee at the upcoming EPSC-DPS conference. This election will occur at the DPS member meeting at the conference. Nominations are made in person, and must be seconded. Voting occurs directly after nominations are complete.

The Nominating Subcommittee is responsible for assembling a slate of candidates to run for DPS vice-chair and committee. The 2020 committee includes Matthew Knight (University of Maryland) and incoming chair Carrie Nugent (Olin College). We thank current chair Yvonne Pendleton (NASA Ames) for her excellent leadership this year. We encourage nominations of outstanding members of the DPS community, and attendance at the DPS member meeting. We look forward to welcoming our new member.

Please contact Carrie (cnugent@olin.edu [9]) with any questions.

EPSC/DPS WOMEN IN PLANETARY SCIENCE DISCUSSION HOUR 2019 – GENEVA, SWITZERLAND

Date: Wednesday, Sept. 18th, 2019

Time: 12:00-1:15 pm

Place: EPSC/DPS Conference venue, Saturn Lecture Room

Join us for the annual Women in Planetary Science event over lunch. All are welcome!

We will discuss professional development topics related to diversity and inclusion

in planetary science. The presentation/discussion schedule will be announced on the registration page. Pre-registration at http://bit.ly/DPS_WIPS_2019 [10] is required to receive a lunch (available to the first ~200 registrants due the generosity of our sponsors: AURA and Southwest Research Institute), and registration is recommended even if you are bringing your own lunch so we can balance room size with attendance size.

****Registration deadline to receive a lunch is September 7****

More details and RSVP at: http://bit.ly/DPS_WIPS_2019 [10]

5-----5-----5-----5-----5-----5-----5-----5-----5-----5

OUTER PLANETS ASSESSMENT GROUP (OPAG) TOWN HALL AT EPSC-DPS

EPSC-DPS Joint Meeting 2019,

Fri, 20 Sep, 13:30-15:00|

Moon (Room 15)(SMW1.12)

Centre International de Conférences de Genève (CICG), Geneva, Switzerland

The purpose of the Outer Planets Assessment Group (OPAG) Town Hall is to update the community on OPAG activities and get community input for upcoming activities, especially as they pertain to the run up for the next Decadal Survey.

JWST AT THE EPSC-DPS MEETING: PROPOSAL WORKSHOP, TOWN HALL, AND EXHIBITOR BOOTH

Dear Future JWST Solar System Observers:

I wanted to make sure you were all aware that this is the last DPS/EPSC prior to

the JWST Cycle 1 call for General Observer (GO) proposals, which will be released in January 2020, with a submission deadline on 1 May 2020. We are trying to fully prepare our community for Cycle 1 and will be offering a proposal workshop on Sunday Sept 15. Please feel free to come and invite other colleagues as you see fit. This event is open to all DPS/EPSC attendees. There will also be a town hall event on Thursday, September 19 over lunch. Details of these events are below and can be found at the link provided.

We are working on planning for future webinars and online video tutorials. Details on those will be provided in the near future. As always, please feel free to contact us if you have any questions regarding your JWST solar system needs.

Sincerely,

Stefanie Milam

JWST Deputy Project Scientist for Planetary Science

(J. Stansberry and B. Holler - STScI JWST Solar System scientist)

DPS/EPSC JWST events:

<http://www.stsci.edu/contents/events/jwst/2019/september/jwst-at-the-51st-annual-division-for-planetary-sciences-meeting-joint-with-epsc?filterUUID=6fedb8a7-e537-42af-b096-309a5f8f25fa> [11]

PREPARING CYCLE 1 SOLAR SYSTEM SCIENCE OBSERVATIONS WITH JWST WORKSHOP

Date: Sunday, 15 September

Time: 15:30-18:30

Place: Ceres Room (room 14)

The James Webb Space Telescope (JWST) will have unprecedented sensitivity and angular resolution, and will be the next premier space-based facility for near- and mid-infrared astronomy (0.6-28.5 micron). The 6.5-meter telescope will be

equipped with four state-of-the-art instruments which include imaging, spectroscopy, and coronagraphy capabilities. These instruments, along with the telescope's moving target capabilities, will enable remarkable infrared studies of Solar System objects. JWST is scheduled for launch in March 2021 and is an international collaboration between NASA, the European Space Agency (ESA), and the Canadian Space Agency (CSA).

The first call for General Observer (GO) proposals will be released in January 2020, with a submission deadline on 1 May 2020. This will be the last proposal workshop prior to Cycle 1 offered at the annual DPS and EPSC meetings, so we encourage all future observers to participate.

In this workshop, we will

- Present a brief status update on the observatory as well as commissioning plans relevant to Solar System observations
- Review the timeline for proposals
- Provide details about the Guaranteed Time Observer (GTO) and Early Release Science (ERS) programs for Solar System science

We will also give a detailed orientation to the proposal planning system, including demonstrations of the Astronomer's Proposal Tool (APT) and the Exposure Time Calculator (ETC) relevant for Solar System proposals.

JWST SOLAR SYSTEM OBSERVERS TOWN HALL

Date: Thursday, September 19
Time: 12:15-13:15
Place: Ceres Room (room 14)

The James Webb Space Telescope (JWST) is an infrared-optimized telescope to be

placed at the Earth-Sun Lagrange 2 point. It is scheduled for launch in 2021, and will have a robust suite of astronomical instrumentation (imaging and spectroscopy) operating from 0.6-28.5 microns. The first call for General Observer (GO) proposals will be released in January 2020 with a deadline of 1 May 2020. At this Town Hall, we will provide the community with an overview of the observatory, instrumentation, and specific details for solar system observations. Additionally, we will provide a timeline with upcoming deadlines, proposal workshops, updates on scattered light and brightness limits, and where to find more information and how to use the observatory tools/documentation. Our goal is to fully engage the Solar System community to provide them with the tools they need to begin planning their observations with JWST.

JWST AT THE STSCI EXHIBITOR BOOTH

Monday, 16 September to Thursday, 19 September 2019: daily from 09:00 to 18:00
Friday, 20 September 2019: 09:00-13:00

We have many resources in the booth to step you through planning observations with JWST. In addition, expert staff members will be around to provide individual assistance on a variety of topics from JWST instrument capabilities to proposal and planning tools (e.g., APT and ETC) to pipeline products and data analysis tools. Featured at the booth:

- JWST Pocket Guide
- JWST Observatory and Instrument flyers
- Astronomer's Proposal Tool demos
- Exposure Time Calculator demos

CARBON IN THE SOLAR SYSTEM: EPSC/DPS WORKSHOP

Please join us for an engaging discussion on Thursday, Sept 19, 10:30AM-noon,

Pluto room (room 13)

Recent results ranging from the Pluto system, the Saturn system, other locations beyond ~5 AU, all the way to Mercury in the inner Solar System, and nearly all points in between, raise questions about the state of carbon in the Solar System: how do carbonaceous compounds become weathered in response to thermal processes and irradiation? How do we recognize carbon compounds and their various weathering products? The synthesis of these results improves our scientific understanding of the role of carbon in the Solar System, how it evolves and how to recognize it. Analyses of samples from the carbonaceous near-Earth asteroids 162173 Ryugu and 101955 Bennu will provide context for the presence of carbon. In this workshop, please come prepared to discuss observational, laboratory and modeling work related to carbon and carbonaceous species on Solar System bodies. We will kick off the discussion with short presentations from 1-2 invited speakers.

EPSC-DPS HOTEL NOTICE ABOUT FAKE AGENCIES

Dear All,

We have been alerted to the fact that companies are making telephone calls to conference participants/authors. They are claiming that they are “from the congress organizers” and that they have a special hotel deal or that something is wrong with your hotel booking for the EPSC-DPS Joint Meeting 2019.

Please ignore these calls (and/or emails) and **do not provide them any information about your hotel booking, credit card or bank details.**

Symporg is the only official housing agency has been contracted for the EPSC-DPS Joint Meeting 2019 but will not do any cold calls.

If you are unsure about the status of your booking, please never hesitate to send us a quick note.

Thank you and best regards,

Vanessa

EPSC-DPS 2019 Hotels - Accommodation team

c/o Symporg SA
Rue Rousseau 30
1201 Geneva
Switzerland

JOBS, POSITIONS, OPPORTUNITIES

A) EDITOR OF THE PLANETARY SCIENCE JOURNAL (PSJ)

The American Astronomical Society (AAS) and the Division for Planetary Sciences (DPS) are soliciting applications and nominations of candidates for the position of Editor of The Planetary Science Journal (PSJ). This is a new journal to serve the planetary science community.

See:

<https://aas.org/posts/news/2019/08/aas-dps-launch-gold-open-access-planetary-science-journal> [13]

The Search Committee is looking for candidates that have a record of achievement in planetary science, experience as an author and referee in this field, and a clear vision for the future of the PSJ. Previous

editorial experience would be useful but is not required.

Candidates for this position should submit a cover letter, CV, bibliography, and names of two references to personnel@aas.org [14]

Nominations for the position may also be sent to the same address. Selected candidates will be asked to provide evidence of institutional support for their assuming the above editorial duties.

The cover letter should address the candidate's qualifications, reason for interest in the position, and ideas for the operation, management, and future of the PSJ. Nominations submitted by September 30, 2019 will be given full consideration.

More information can be found at:

<https://jobregister.aas.org/ad/cfd23f2c> [15]

B) ASSISTANT PROFESSOR POSITION,

Department of Physics,

Boise State University

The Department of Physics at Boise State University seeks applicants for a tenure-track physics faculty position in either computational astrophysics or computational condensed-matter physics at the rank of Assistant Professor. See the following website for details:

<https://boisestate.taleo.net/careersection/exfac/jobdetail.ftl?job=190686> [16]

C) POSTDOCTORAL OPPORTUNITIES IN CHILE

The Chilean FONDECYT opened a call for postdoctoral positions in Chile related to projects of 2-3 years. The applicants must already have a PhD from January 1st, 2016, to October 1, 2019.

The deadline for application is: September 24th, 2019.

The application can be written in English, please download all the zipped documents at the link "Formularios de Postdoctorado 2020 - ingles" on the following website:

<https://www.conicyt.cl/fondecyt/2018/11/15/concurso-postdoctorado-2020> [17]

The Institute of Astronomy and Planetary Sciences of the University of Atacama is interested in supporting applications in the field of planetary sciences.

Please contact Prof. Giovanni Leone (giovanni.leone@uda.cl [18]) for any information and support.

D) POSTDOCTORAL RESEARCH ASSISTANT AT THE FLORIDA SPACE INSTITUTE/UNIVERSITY OF CENTRAL FLORIDA IN SMALL BODY PLANETARY SCIENCES

The Florida Space Institute (FSI) at the University of Central Florida (UCF) invites applications for a postdoctoral associate position to carry out research on the physical processes on the surface of small bodies such as asteroids. The position will have a start date before November 2019 and is renewable annually for up to three years.

Minimum Qualifications: A Ph.D. from an accredited institution in physics, astronomy, astrophysics, planetary sciences, or a related field is required.

Preferences: Experience in the following is of interest: Hands-on

experience in hardware design, manufacturing, and operation;

Laboratory work with cryogenic samples;

Mentoring of undergraduate students;

One or more of the following coding languages: IDL, Python, C, C++,
Fortran.

EEO Employer: As an equal opportunity/affirmative action employer, UCF encourages all qualified applicants to apply, including women, veterans, individuals with disabilities, and members of traditionally underrepresented populations. UCF's Equal Opportunity Statement can be viewed at:

<http://www.oie.ucf.edu/documents/PresidentsStatement.pdf> [19]

As a Florida public university, UCF makes all application materials and selection procedures available to the public upon request.

All applications and supporting documents should be submitted electronically at:

<https://jobs.ucf.edu/cw/en-us/job/498004> [20]
