Planetary Science Journal

The *Planetary Science Journal* [1] is endorsed by the DPS. All PSJ articles are open access as soon as they are published. If you are a AAS member, you may be eligible for a publication fee discount [2]. If you are unable to afford the publication charges, due to a variety of circumstances, you can contact the PSJ Editor [3] and request a fee waiver.

The DPS leadership pages include information about the PSJ editors [4].
