Call for DPS 2022 Prize Nominations

Deadline: April 15, 2022

Every year the DPS recognizes exceptional achievement in our field. Please consider nominating a respected colleague for one of the annual DPS prizes.

The DPS sponsors five prizes:

The Gerard P. Kuiper Prize [https://dps.aas.org/prizes/kuiper][1] recognizes and honors outstanding contributors to the field of planetary science.

The Harold C. Urey Prize [https://dps.aas.org/prizes/urey][3] recognizes and encourages outstanding achievements in planetary research by an early-career scientist.

The Harold Masursky Award [https://dps.aas.org/prizes/masursky][4] recognizes and honors individuals who have rendered outstanding service to planetary science and exploration through - but not limited to - engineering, managerial, programmatic, editorial, or public service activities.

The Carl Sagan Medal [https://dps.aas.org/prizes/sagan][5] recognizes and honors outstanding communication by an active planetary scientist to the general public.

DPS members and the planetary science community-at-large are encouraged to submit nominations for DPS prizes.

A complete nomination submitted by the deadline will be considered by the DPS Prize subcommittee for 3 years (i.e. for this year's award, next year's award, and the year after that), or for the duration of a candidate's eligibility, whichever is less. Please fill out the nomination form [https://dps.aas.org/prizes/eberhart#Nomination][7], and it will be submitted to the prize subcommittee. The Eberhart Award has different rules and procedures than the other DPS Prizes, please see its page [https://dps.aas.org/prizes/eberhart-nomination-form][8] for more information.
